# **Topsy Farms' Top Quality Lamb at Farmgate Prices**

When buying our lamb you can choose either a whole lamb (minimum 50 lb.), half lamb, or a gourmet pack (17-18 lb.) which contains only the premium cuts from a half lamb. You choose how you want each part cut, whether roast or chops and the thickness of those chops. We assist customers in choosing the cuts that best suit their cooking and lifestyle requirements. All roasts can be deboned at your request for no extra charge.

All meat is government inspected. Once a year we deliver to our customers in Ottawa, Toronto and points along those routes from Kingston. Individual cuts of our lamb are also available at selected butchers' counters. Visit our website for details and to see other Topsy Farms products.
